

PHILANTHROPY ADVOCATES

a COLLABORATION with EDUCATE TEXAS

HARNESSING THE POWER of PHILANTHROPY

Philanthropy Advocates, is a diverse funders' collaborative of over 50 private, corporate, and community foundations and United Ways. Formerly called the Texas Education Grantmakers Advocacy Consortium (TEGAC), we were created in 2012 to unify grantmakers around a multi-year effort to build support for and improvement in public and higher education in Texas in response to the historic cuts made to public education by the Texas legislature during the 2011 session. In 2019, we joined forces with CFT's Educate Texas, a trusted change agent in education, to better advocate together on behalf of our state's 7 million students.

WHO WE ARE

OUR MISSION is to empower Texas philanthropy to invest and engage in effective public and higher education policy and advocacy at the state level.

OUR VISION is to protect, promote, and improve public and higher education in Texas so that all Texas students can achieve their educational goals from cradle to career.

During every biennial cycle, Philanthropy Advocates raises money from our members and creates pooled funds to support the work of each policy work group to:

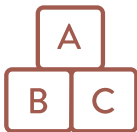

Commission objective, non-partisan research

Partner with a diverse array of advocates to disseminate findings

OUR PRIORITIES

In the summer of each odd-numbered year, Philanthropy Advocates surveys our members to prioritize our policy work groups for the biennium. We have consistently focused our work across the following policy topics:

EARLY GRADE SUCCESS

COLLEGE & CAREER PATHWAYS

EFFECTIVE TEACHING
